

Expense Policy

1. Purpose

This policy defines eligible business expenses, reimbursement procedures, approval requirements, and financial compliance standards.

2. Eligible Expenses

Eligible expenses include approved business travel, client meetings, office supplies, training fees, software subscriptions, and other authorized business costs.

3. Non-Eligible Expenses

Personal purchases, luxury items, entertainment unrelated to business, penalties, fines, and expenses lacking proper documentation are not reimbursable.

4. Expense Submission

Employees must submit expense reports through the expense management system within 30 days of incurring the expense.

5. Supporting Documents

Every reimbursement request must include receipts, invoices, payment confirmations, and a business justification when required.

6. Approval Workflow

Expense claims require manager approval before Finance performs verification and reimbursement processing.

7. Corporate Credit Cards

Corporate cards may only be used for approved business purposes. Cardholders must reconcile transactions monthly.

8. Audits and Compliance

Finance may audit expense reports to ensure compliance with company policies and applicable financial regulations.

9. Related Policies

Refer to the Travel Reimbursement Policy, Procurement Policy, Employee Handbook, and Code of Conduct for additional guidance.

10. Responsibilities

Employees are responsible for accurate reporting, while managers and Finance ensure policy compliance, fraud prevention, and timely reimbursement.
