

# Remote Work Policy

## 1. Purpose

This policy defines eligibility, expectations, and security requirements for employees working remotely or in a hybrid arrangement.

## 2. Eligibility

Remote work may be approved based on job responsibilities, business needs, performance, and manager approval.

## 3. Work Schedule

Employees must maintain agreed working hours, remain available during core business hours, and accurately record attendance.

## 4. Communication

Employees should use approved collaboration tools for meetings, messaging, project updates, and status reporting.

## 5. Home Office

Employees are responsible for maintaining a safe, quiet, and professional workspace with a reliable internet connection.

## 6. Security Requirements

Company-managed devices, VPN access, multi-factor authentication (MFA), and screen locking are mandatory when accessing company resources remotely.

## 7. Confidential Information

Confidential company information must not be discussed in public places or viewed by unauthorized individuals.

## 8. Equipment

The company may provide laptops, monitors, and approved peripherals. Employees are responsible for safeguarding company equipment.

## 9. Related Policies

Refer to the Employee Handbook, IT Security Policy, Privacy Policy, and Company Leave Policy for additional guidance.

## 10. Responsibilities

Employees and managers share responsibility for maintaining productivity, communication, security, and compliance while working remotely.
